

## **Reproducing A Paper: Contextual text mining**

**The team captain is Yi Zhou. Netid is yiz9.**

**Team members are:**

**Yi Zhou. Netid is yiz9. (Captain)**

**Zhaoyuan Yang. Netid is zy7.**

**Dongni Yang. Netid is dongniy2.**

**Our chosen paper is A CrossCollection Mixture Model for Comparative Text Mining.**

**We are going to use python in this project.**

**We can't obtain the exact same dataset used in the paper. However, we can use other datasets to achieve similar goals.**
